Graduate School  
2013 Admission Guide for  
International Students**

Graduate School of Veterinary Medicine  
  Doctoral Course: Veterinary Medicine  
  Graduate School of Dairy Science  
Doctoral Course: Food Production and Utility Development  
  Doctoral Course: Food and Nutrition Science  
    Master's Course: Dairy Science  
    Master's Course: Food Systems  
  Master's Course: Food and Nutrition Science

# Graduate School of Veterinary Medicine

## Doctoral Course: Veterinary Medicine Admissions for International Students

### 1 Recruiting Graduate School and Student Quota

Graduate School	Course	Course Duration	International Student Quota	Adult Student Quota
Veterinary Medicine	Doctoral Course: Veterinary Medicine	4 years	Few	Few

### 2 Application Eligibility

Foreigners who meet the following requirements. **Please note that prior consultation with our teaching staff in the field of research to which the applicant is applying is required.** Applicants with a background in clinical practice must either already have a veterinarian license or are expected to get one.

- (1) Those who either fall under (i) or (ii) and meet the requirements of (iii) and (iv).
  - (i) The applicant is not a Japanese national, should have completed a six-year veterinary course at a college outside Japan, or have a master's degree.
  - (ii) The applicant is recognized through an individual review of his/her eligibility to apply by the graduate school as having an academic ability the same or greater than a university (a six-year veterinary, medical, dental or pharmaceutical course) graduate and has reached the age of 24 upon entrance to the university.
  - (iii) The applicant must have a reliable guarantor living in Japan, who can carry out the admission procedure (e.g., pay the admission fee when the applicant receives admission to our graduate school) on his/her behalf.
  - (iv) The applicant must have acquired or be eligible to acquire the "College Student" status of residence as prescribed under the "Immigration Control and Refugee Recognition Act."

## Fields of Research for a Doctoral Field in Basic Veterinary Medicine, Graduate School of Veterinary Medicine

Major	Field of Research	Faculty		
Basic Veterinary Medicine	Biosciences	Veterinary Anatomy	Professor Takeo Hiraga Associate Professor Hiromi Ueda	
		Veterinary Microanatomy	Professor Kazushige Takehana	
		Veterinary Physiology	Professor Seiyu Kato Associate Professor Hideaki Hayashi	
		Veterinary Physiology and Nutrition	Professor Takenori Onaga Lecturer Yumiko Yasui	
		Veterinary Biochemistry	Professor Hiroshi Yokota Associate Professor Hidetomo Iwano	
		Veterinary Pharmacology	Professor Takio Kitazawa Professor Hiroki Teraoka	
		Basic Veterinary Radiology	Professor Masanobu Hayashi	
		Pathobiology	Veterinary Pathology	Professor Hiroyuki Taniyama Associate Professor Minoru Okamoto Associate Professor Kazuya Matsuda
	Veterinary Parasitology		Professor Shin-ichiro Fukumoto Professor Mitsuhiko Asakawa	
	Veterinary Virology		Professor Rikio Kirisawa Professor Katsuro Hagiwara	
	Veterinary Bacteriology		Professor Naoya Kikuchi	
	Laboratory Animal Science		Professor Chiaki Ishihara Associate Professor Haruyuki Hirata	
	Clinical Veterinary Medicine		Large Animal Clinical Sciences	Large Animal Internal Medicine I
		Large Animal Internal Medicine II		Professor Masateru Koiwa
		Large Animal Surgery		Professor Kiyoshi Taguchi Professor Kazuyuki Suzuki
				Theriogenology
		Small Animal Clinical Sciences		Veterinary Behavior
Veterinary Ophthalmology			Associate Professor Seiya Maehara	
Molecular Diagnosis and Therapeutics			Professor Tsuyoshi Uchide	
Laboratory Veterinary Medicine			Professor Eiji Uchida	
Orthopaedic and Neurosurgery			Professor Yasuharu Izumisawa Professor Hiroshi Ueno	
			Veterinary Clinic Oncology	Professor Tsuyoshi Kadosawa
Veterinary Diagnostic Imaging and Interventional Radiology			Professor Tetsuya Nakade	
Veterinary Anesthesiology			Professor Kazuto Yamashita	
Animal Physical Therapy			Lecturer Sanae Tsubakishita	
Applied Veterinary Medicine		Health and Environmental Sciences	Animal Health	Professor Hajime Nagahata Associate Professor Hidetoshi Higuchi
	Veterinary Epidemiology		Associate Professor Kouhei Makita	
	Food Microbiology and Food Safety		Professor Yutaka Tamura	
	Environmental Health Sciences		Associate Professor Jun Noda	
	Zoonotic Diseases		Professor Yasukazu Muramatsu Associate Professor Hiroshi Ueno	
			Veterinary Herd Health	Professor Shin Oikawa Professor Ken Nakada

Note: This information is valid as of April 2012. Faculty and research topics are subject to change.

### 3 Application Deadlines

(1) Please refer to the important dates below to ensure that your application is processed in a timely manner.

<b>Enrollment in April</b>	January 31, 2013(Thu.) * The application must be postmarked on or before the due date.
<b>Enrollment in October</b>	July 31, 2013 (Wed.) * The application must be postmarked on or before the due date.

### 4 Application Procedure

○ : submission mandatory △ : submission if applicable

Please request the following application forms at the Admissions Office and submit the required documents.

No.	Application Forms	Comments	Required documents Foreigners
1	<b>Admission Application, Photo Slip (designated form)</b>	Please fill out all the necessary items on the application form and attach your photograph to it.	○
2	<b>Official Stamp or signature by hosting professor</b>	You have to be approved by your expecting professor.	○
3	<b>Resume (designated form)</b>	Please fill out your educational and professional qualifications after high school (form 10).	○
4	<b>Description of Research Project (designated form)</b>	Please state your research content specifically (form 2).	○
5	<b>Master's or Undergraduate Thesis (Summary is acceptable)/documents that certify the applicant's research performance (designated form)</b>	Undergraduate thesis (form 3), Master's thesis (form 4), Summary (form 5)	○
6	<b>Certificate of applicant's most recent (expected) degree</b>	Certificate issued by college or graduate school	○
7	<b>Certificate of qualification for application (designated form)</b>	Certificate issued by applicant's work place or direct manager (form 7).	○
8	<b>Description of Job Content (if applicable)</b>	Description of the content of the applicant's current job or past jobs and research history (form 8)	△
9	<b>Certificate of Health (designated form)</b>	Certificate certified by a physician of a hospital or health clinic (form 11) (students of Rakuno Gakuen University can submit the Certificate of Health issued by the university's medical office).	○
10	<b>Entrance Examination Fee: JPY 30,000</b>	Payment should be made using a designated payment slip.	○
11	<b>Examination Admission Card (designated postcard)</b>	Write accurately on the front the postal code, address, and applicant's name, and attach a 320 yen stamp. Do not write anything on the reverse side.	○
12	<b>Mailing label with applicant's name and address(designated form)</b>	Write accurately on the front the postal code, address, and applicant's name.	○
13	<b>Certificate of Foreign Registration (gaikokujin tourokuzumi shoumeisho)</b>	Applicant who currently lives in Japan as a foreigner must submit a Certificate of Foreign Registration (the period of stay and the status of residence must be specified) issued by the mayor of their city/town/village.	○
14	<b>Resident Card copies</b>	Both sides	○
15	<b>Reference (designated form)</b>	Please fill out this form in Japanese. The applicant's guarantor must reside in Japan and guarantee that the applicant's living costs, tuition fee, and traveling expenses to return home are covered, and ensure the applicant's compliance with the local laws and regulations (form 12).	○
16	<b>Copy of name section of passport</b>	Copy the page with your name in alphabetic script.	○

#### Comments

1. All certificates or documents written in a foreign language must be accompanied by a Japanese translated copy.

**Photograph Specifications:** The applicant's face must be square to the camera. The photograph must include the top of the applicant's shoulders, and the applicant's head should be uncovered. The photograph must be clear and well-defined (a snapshot is not acceptable), taken against a plain white or light-colored background, and should have been taken within the last 3 months. The applicant's name should be put on the reverse of the photograph, which then should be attached to the Admission Application.

\*Your personal information will be used only for the entrance examination.

## **5** Screening Method

Admission decisions will be taken by examining the documents submitted by the applicants.

Please note that additional documents, besides the aforementioned documents, may be required.

In addition, interviews or written tests may be conducted.

#### Note:

International Students in Rakuno Gakuen University are strictly prohibited to work as part-time staff before 6 months-stay in Japan.

# Directions to Rakuno Gakuen University

## [Major Public Transportation]

### ① From New Chitose Airport

From the JR New Chitose Airport Station located underground at the airport, take the Airport Express to JR Shin Sapporo Station (approximately 28 minutes). For further directions, refer to ② below. After arriving at Sapporo Station (approximately 36 minutes), refer to ③ for further directions.

### ② From JR Shin Sapporo Station

From the Shin Sapporo Bus Terminal, take the JR or Yutetsu bus bound for Nopporo, Ebetsu, Iwamizawa, Nanporo, and Akebono Danchi. Get off at Mori Sanai Koto Gakko or Rakuno Gakuen (approximately 20 minutes). The university is approximately a five-minute walk.

### ③ From JR Sapporo Station

Take the Hakodate Line Ishikari Liner Rapid Service bound for Iwamizawa to Oasa Station (approximately 12 minutes; on a local service, approximately 20 minutes). The university is about a ten-minute walk from the South Exit.

### ④ Using the Sapporo Municipal Subway

Transfer to the Tozai Line at Odori. After getting off at Shin Sapporo Station (approximately 20 minutes), refer to ② for further directions.
